

SSE Engineering JSC Project Reference List

Customer	Facility	Project/Objective	Year
LLC «Renaissance Heavy Industries»	Liquefied Natural Gas Plant Ust-Luga	Construction audit, financial and technical monitoring of the project "Liquefied Natural Gas Plant (LNG Plant Contract)"	2021-2025
LLC «Renaissance Heavy Industries»	Gas processing complex Ust-Luga village	Construction audit of the project "Gas processing complex as a part of the ethane-gas processing complex in the area of Ust-Luga settlement"	2021-2025
JSC «Polyus Aldan»	HPP JSC «Polyus Aldan»	Development of justifications for investments (feasibility study) for heating gas power plant in Polyus Aldan JSC (HPP JSC «Polyus Aldan»)	2021
LLC «Avelar Solar Technologies» JSC «Gazprombank»	Naurskaya SPP 5 MW Chechen Republic	Construction audit and monitoring of the construction of Naurskaya SPP with an installed capacity of 5 MW, located in Chechen Republic, Naursky District, Naurskaya Village	2021-2022
LLC «Green Energy Rus» JSC «Gazprombank»	Russko-Polyanskaya SPP 30 MW, Omsk region	Construction audit and monitoring of the construction of Russko-Polyanskaya SPP with an installed capacity of 30 MW (first stage 15 MW, second stage 15 MW), located in Omsk Region, Russko-Polyansky District, Solnechny Rural District	2021-2022
LLC «Green Energy Rus» JSC «Gazprombank»	South Sukhokum SPP 15 MW Republic of Dagestan	Construction audit and monitoring of the construction of Yuzhno-Sukhokumskaya SPP with an installed capacity of 15 MW, located in Republic of Dagestan, Yuzhno-Sukhokumsk, Vostochnaya St., site 50	2021-2022
LLC «Renaissance Heavy Industries»	Liquefied Natural Gas Plant Ust-Luga	Construction audit, financial and technical monitoring of the project "Liquefied Natural Gas Plant (LNG Plant Contract)"	2021-2025
LLC «Renaissance Heavy Industries»	Gas processing complex Ust-Luga village	Construction audit of the project "Gas processing complex as a part of the ethane gas processing complex in the area of Ust-Luga settlement"	2021-2025
JSC «Polyus Aldan»	HPP JSC «Polyus Aldan»	Development of justifications for investments in the construction of a heating gas power plant for Polyus Aldan JSC (HPP JSC «Polyus Aldan»)	2021
LLC «Avelar Solar Technologies» JSC «Gazprombank»	Naurskaya SPP 5 MW Chechen Republic	Construction audit and monitoring of the construction of Naurskaya SPP with an installed capacity of 5 MW, located in Chechen Republic, Naursky District, Naurskaya Village	2021-2022
LLC «Green Energy Rus» JSC «Gazprombank»	Russko-Polyanskaya SPP 30 MW, Omsk region	Construction audit and monitoring of the construction of Russko-Polyanskaya SPP with an installed capacity of 30 MW (first stage 15 MW, second stage 15 MW), located in Omsk Region, Russko-Polyansky District, Solnechny Rural District	2021-2022
LLC «Green Energy Rus» JSC «Gazprombank»	South Sukhokum SPP 15 MW Republic of Dagestan	Construction audit and monitoring of the construction of Yuzhno-Sukhokumskaya SPP with an installed capacity of 15 MW, located in Republic of Dagestan, Yuzhno-Sukhokumsk, Vostochnaya St., site 50	2021-2022
NLMK JSC	CoPP in Lipetsk	Post-cobustion CO2 extraction basic engineering	2021

Customer	Facility	Project/Objective	Year
NordErgoEngineering LLC	Thermo-Mechanical Pulp (TMP) in Irkutsk region	Development of main technical solutions for New Thermo-Mechanical Pulp (TMP), Irkutsk region Baikal Amur Mainline and Transsib	2021
AGK-1 LLC	Facility 1 – Russia, Moscow Region, Voskresensky district, near of Svistyagino; Facility 2 – Russia, Moscow Region, Naro-Fominsk district, near of Mogutovo; Facility 3 – Russia, Moscow Region, Solnechnogorsk urban settlement, near of Khmetevo; Facility 4 – Russia, Moscow Region, Noginsk district, near of Timokhovo.	Financial and technical monitoring of construction and realization of investment projects for the construction and operation of energy recovery facilities of MSW	2021-2024
AGK-1 LLC	Russia, Republic of Tatarstan	Technical monitoring of construction and realization of investment projects for the construction and operation of energy recovery facilities of MSW (Russia, Republic of Tatarstan)	2021-2024
WPS Breeze LLC	WPS - Funtovo	Technical and financial expert review of construction for Funtovo Wind Power Plant with total power of 15 MW.	2021
UltraDekorRus LLC	Production of paper	Document verification made by TVR TBP for compliance with RF standards and project documents, which received a positive opinion on the topic: «Paper production - production from finished cellulose»	2020-2021
LLC "Avelar Solar Technology"	Armavir Solar power plant (SPP) 24,9 MW	<ol style="list-style-type: none"> Design and survey work for the construction of Armavir Solar power plant (SPP) 24,9 MW and technological connection to electrical networks (design and working documentation) Implementation of architectural supervision during construction and installation works 	2020-2021
LLC "Avelar Solar Technology"	Mostovskaya Solar power plant (SPP) 44,1 MW	<ol style="list-style-type: none"> Design and survey work for the construction of Mostovskaya Solar power plant (SPP) 44,1 MW and technological connection to electrical networks (design and working documentation) Implementation of architectural supervision during construction and installation works 	2020-2021

Customer	Facility	Project/Objective	Year
LLC "Avelar Solar Technology"	Severskaya Solar power plant (SPP) 44,1 MW	<ol style="list-style-type: none"> Design and survey work for the construction of Severskaya Solar power plant (SPP) 44,1 MW and technological connection to electrical networks (design and working documentation) Implementation of architectural supervision during construction and installation works 	2020-2021
VEB.RF Waste Management JSC	Facilities for processing and utilization of MSW in Magnitogorsk	Financial and technical audit and monitoring of the project "Construction and operation of facilities for the processing and disposal of municipal solid waste (MSW) in Magnitogorsk"	2020-2022
LLC "Auchan"	TC "Auchan" Rostov region	Technical survey of the object "043_Ashan Rostov Megamag" located at the address: Rostov-on-Don, st. Poymennaya, 1, in accordance with GOST 31937-2011 "Interstate standard. Buildings and constructions. Rules for inspection and monitoring of technical condition "	2020
LLC "Inter Rost"	Building located at the address: St. Petersburg, Bolshoi Sampsonievsky prospect, 74	Financial and technical audit of the design documentation and engineering and technical support systems constructed of the building located at the address: St. Petersburg, Bolshoi Sampsonievsky prospect, 74	2020
PJSC Sberbank Romex-Kuban LLC	Regional Clinical Oncological Dispensary, Saratov	Extended banking support of the contract for the Object: "Construction of a Regional Clinical Oncological Dispensary, Saratov "	2020-2021
Apatit JSC	Balakovo branch extension of Apatit JSC	Development of technical solutions for the implementation of the investment project "Balakovo branch extension of Apatit JSC up to 2025"	2020
LLC "Fortum-New Generation 2"	Solar power plant (SPP) with capacity of 115.6 MW	Provision of technical customer services for the technical supervision over the design and construction of a solar power plant (SPP) with a capacity of 115.6 MW, intended for the production of electricity based on renewable energy sources	2020-2022
PJSC TATNEFT	Tire complex of PJSC TATNEFT.	Feasibility study for the installation of low-power gas turbines for partial or full coverage of the electricity consumption of the tire complex of PJSC TATNEFT	2020
LLC "Auchan"	TC "Auchan" Rostov region	Technical survey of building supporting structures, after reinforcing concrete beams by tensioning steel cables at the facility "Aushan" Multifunctional Shopping Center	2020
JSC "NPO BIOTECHKOMPOSIT"	Osanovo-Dubovoe plant	Feasibility study for the investment project "Creation of a plant for the production of biodegradable tableware and packaging from plant polymers" as part of the agro-industrial park "Osanovo-Dubovoye"	2020

Customer	Facility	Project/Objective	Year
LLC "Fifteenth Wind Park" FRV"	"project No. 1" "Izluchnaya wind farm" with an installed capacity of 87.8 MW, located on the territory of the Chernoyarsk municipal district of the Astrakhan region "Project No. 2" "Manlanskaya Wind farm" with an installed capacity of 75.6 MW, located on the territory of the Chernoyarsk municipal district of the Astrakhan region.	Implementation of financial and technical supervision over the projects performance, including: technical monitoring, financial and technical monitoring, financial monitoring, monitoring of collateralized property, related monitoring, monitoring of risk factors with the preparation of regular reporting.	2020-2022
JSC "Gazprombank" LLC "Green Energy Rus"	Torey SPP 45 MW	Construction audit and checking the calculation of the ICUF value for the Toreyskaya SPP 45 MW	2020-2021
JSC "Gazprombank" LLC "Kalmyk SPP"	Maloderbetovskaya SPP 60 MW	Construction audit and checking the calculation of the ICUF value for the Maloderbetovskaya SPP 60 MW	2020-2021
Gazprombank JSC Avelar Solar Technology LLC	Adyghe SPP 4 MW	Conducting a construction audit and checking the calculation of the ICUF value for the Adyghe SPP 4 MW	2020-2021
Gazprombank JSC Avelar Solar Technology LLC	Labinskaya SPP 44.1 MW	Construction audit and checking the calculation of the ICUF value for the facility Labinskaya SPP 44.1 MW	2020-2021
Gazprombank JSC Avelar Solar Technology LLC	Nizhnyaya Burzyanskaya SPP 5 MW and Verkhnyaya Burzyanskaya SPP 5 MW	Construction audit upon commissioning of the Nizhnyaya Burzyanskaya SPP 5 MW and Verkhnyaya Burzyanskaya SPP 5 MW	2020
LLC "Atlantic Crab"	Crab ships	Bank's engineer during the construction of a series of Crab ships	2020-2024
LLC "Pacific Crab"	Crab ships	Bank's engineer during the construction of a series of Crab ships	2020-2024
LLC "Kamchatka Crab"	Crab ships	Bank's engineer during the construction of a series of Crab ships	2020-2024
LLC "Avelar Solar Technology"	Novoperevolotskaya SPP 15 MW	1. Design and survey work for the construction of Novoperevolotskaya SPP 15 MW (design and working documentation)	2020-2021

Customer	Facility	Project/Objective	Year
		2. Implementation of architectural supervision during construction and installation works	
PJSC "T plus"	" Heat load transfer from the Saratov GRES to the Saratov CHP-5" 445 MW	Design and survey work under the project " Heat load transfer from Saratov GRES to Saratov CHP-5" 445 MW	2020
LLC "UK" United Investment Energy Company "	SS 110 kV Okhta, construction of two CL 110 kV Parnas-Okhta	Financial and technical audit of the investment project: 110 kV Okhta substation, construction of two 110 kV cable lines Parnas-Okhta	2020
LLC "KPEI"	Power unit No. 4 of the Iriklienskaya GRES branch 300 MW	Development of working documentation for the facility: "Modernization of power unit No. 4 of the branch" Iriklienskaya GRES "of JSC" Inter RAO - Electric Power Plants "	2020-2023
JSC "Institute Orgengostroy"	Ruppur NPP Block 2	Financial and technical audit and construction expertise of the Investment project. Supervision of the project's progress: (quarterly monitoring) "A set of organizational and technical measures by the Customer to create the Ruppur NPP Block 2. Buildings and structures of a cooling water system. Integrated construction and installation works".	2020
JSC "Institute Orgengostroy"	Ruppur NPP Block 1	Financial and technical audit and construction expertise of the Investment project. Supervision of the project's progress: (quarterly monitoring) "A set of organizational and technical measures by the Customer to create the Ruppur NPP. Station-wide buildings and structures. Integrated construction and installation works. Part 3. Start-up and start-up boiler".	2020
LLC "Atlantic Crab"	Shipyards of the Crab Navy	Technical audit of shipyards as part of the Customer's implementation of the project "A set of measures aimed at acquiring crab quotas during the auction and creating / building a series of crab fishing vessels to secure acquired crab quotas".	2020
LLC "Kamchatka Crab"	Shipyards of the Crab Navy	Technical audit of shipyards as part of the Customer's implementation of the project "A set of measures aimed at acquiring crab quotas during the auction and creating / building a series of crab fishing vessels to secure acquired crab quotas".	2020
LLC "Pacific Crab"	Shipyards of the Crab Navy	Technical audit of shipyards as part of the Customer's implementation of the project "A set of measures aimed at acquiring crab quotas during the auction and creating / building a series of crab fishing vessels to secure acquired crab quotas".	2020

Customer	Facility	Project/Objective	Year
MOSENERGOPROEKT	Mosenergo gas cycle power stations	Feasibility study for implementation of T32 Turbine on all Mosenergo gas cycle power stations	2020
JSC Gas Systems	CHP-17	Construction of replacement heat capacity for DH due to the change of operational mode of CHP-17	2020-2021
JSC Mosenergo	JSC Mosenergo	Consulting services on an independent examination of the reasonableness of the cost of capital construction for implementation or other management decisions.	2020
Gold mining PJSC Lenzoloto	Airport system Bodaibo	Public technological and price audit of the investment project at the 1st stage of the project: "Construction of the airport system (Bodaibo, Irkutsk region)"	2020
LLC "Cedar Plus"	fish-processing plant "Russian Haddock" in the Murmansk region	Consulting services on financial and technical during stages of preparation for construction, construction and commissioning of the Russian Haddock Fish Processing plant in the Murmansk Region.	2020-2021
NAO Chukotka Trade Company PJSC VTB Bank	Power Center Bilibino	Financial and technical supervision of the implementation of the project for the construction of an energy source in the city of Bilibino with off-site infrastructure with total installed capacity of 91 MW	2020-2021
Brahcnh of Hartney EnterpriSPP Limited	-	A set of survey work of the building at the address: Moscow, Kuznetskiy Most, 9/10, p. 1. In order to determine actual technical condition of the building and the possibility of its further operation, taking into account the requirements of norms and rules in force in the Russian Federation in the field of technical regulation under existing and planned technical and technological solutions; also in order to determine the cause of occurrence and the degree of influence on the mechanical safety of structures - recently acquired damages and deformations.	2019
JSC "Institute Orgengostroy"	Ruppur NPP Block 1	Financial and technical audit and construction expertise of the Investment project. Oversight of project implementation: (quarterly monitoring) "The complex of organizational and technical measures for the implementation of construction and installation works at the site of the Ruppur NPP -" Block 1. Public buildings. Buildings and facilities of the cooling water system of critical consumers. Integrated construction and installation works "	2019 - 2020

Customer	Facility	Project/Objective	Year
LLC "Energoset"	Production and heating boiler-house of Verkhnetagilskaya TPP	Design and survey work on the construction of a heating boiler house production for Verkhnetagilskaya TPP in 2020-2022.	2019-2020
CITEC ENGINEERING & INFORMATION GMBH	Olefins (EP-600) production Complex of PJSC Nizhnekamskneftekhim	Design, Chief Project Engineer services and technical support for the Nizhnekamsk	2019-2020
LLC "Russian Crab"	Series of Crab Ships	Provision of technical consultant services for the initial technical audit of Ships and Shipyards	2019-2021
Apatit JSC	Nitrogen complex of Apatit JSC	Pre-design study of an option for the implementation of measures for the utilization of steam from the PSMU acid aggregate in a backpressure or condensation turbine with the organization of an optimal scheme for generating and distributing electricity through electric networks of the Nitrogen complex of Apatit JSC	2019
JSC "VetroOGK" Gazprombank JSC	Kochubeyevskaya wind farm	Providing the services of a technical consultant in the framework of the project for the construction of wind farms with a capacity of 600 MW under contracts for the supply of capacity.	2019-2020
Linde Aktiengesellschaft JSC	PJSC Nizhnekamskneftehim (NKNH)	Development of the Documentation based on the technical specification to the project	2019-2020
Zarubezhneft JSC	Photovoltaic SPP with an installed capacity of 10 MW	Construction audit of the Binh Hoa solar power plant in the Socialist Republic of Vietnam	2019
Khabarovsk Airport JSC	Airport complex	Public technological and price audit of the investment project "Reconstruction of the Novy airport complex (Khabarovsk)". Stage 2	2019
Specialized developer "SHARD 63" LLC	Residential area Volgar	Supervision of the implementation of the investment project in order to finance at the expense of VTB PJSC	2019
Tretiy Vetropark FRV LLC Gazprombank JSC	WPS - Gukovo-1	Financial and technical supervision of the progress on the wind power plant	2019-2020
Hevel LLC	Solar modules manufacturing plant	Development of documentation for the technical re-equipment of the Plant. General design	2019
LLC Solar Generation	SPP Orel GOK SPP Balei	Carrying out technological expertise, construction audit and construction monitoring	2019-2020
LLC Terawatt	SPP Tarbagatay SPP Kabanskaya SPP "BVS"	Carrying out technological expertise, construction audit and construction monitoring	2019-2020

Customer	Facility	Project/Objective	Year
JSC Institute Orgenergostroy	Cargo Terminal on the Padma River near Rooppur Nuclear Power Plant	Construction survey services. A third-party audit of the current status of the Facility engineering and construction and compliance with the requirements of the Russian law, and audit of Investment Project funding sources	2019-2020
NOVATEK Kamchatka LLC	LNG Sea Port	Provision of services during the 1st stage of public technological and price audit of the "LNG sea port in Kachatasky region" investment project (Including public hearings)	2019
NOVATEK Murmansk LLC	LNG Sea Port	Provision of services during the 1st stage of public technological and price audit of the "LNG sea port in Murmansk region" investment project (Including public hearings)	2019
Mosenergo JSC	CHP-22	Development of engineering solutions to modify the scheme of heat power distribution from CHP-22, a branch of Mosenergo JSC	2018-2019
Sakhalinskaya GRES-2 JSC	Sakhalinskaya GRES-2	Public technology and pricing audit in the course of implementation of Sakhalin GRES-2 Construction Project (phase 1) during construction stage	2018
Eco Energy Rus LLC	Mikhailovskaya Solar Power Plant Elista Severnaya Solar Power Plant	Construction audit of investment project: Construction of Mikhailovskaya SPP, Construction of Elista Severnaya SPP	2018-2019
Gazprombank JSC Altai Solar Power Plants LLC	Maiminskaya Solar Power Plant	Construction audit and monitoring of Maiminskaya SPP construction. Construction audit confirming the commissioning of the Facility	2018-2019
Gazprombank JSC Altai Solar Power Plants LLC	Ininskaya Solar Power Plant	Construction audit and monitoring of Ininskaya SPP construction. Construction audit confirming the commissioning of the Facility	2018-2019
Gazprombank JSC Green Energy Rus LLC	Akhtubinskaya Solar Power Plant	Construction audit and monitoring of Akhtubinskaya SPP construction. Construction audit confirming the commissioning of the Facility	2018-2019
Gazprombank JSC Green Energy Rus LLC	Funtovskaya SPP-2	Construction audit and monitoring of Funtovskaya SPP-2 construction. Construction audit confirming the commissioning of the Facility	2018-2019
Gazprombank JSC Green Energy Rus LLC	Novouzenskaya Solar Power Plant	Construction audit and monitoring of Novouzenskaya SPP construction. Construction audit confirming the commissioning of the Facility	2018-2019
CHP in Sovetskaya Gavan LLC	CHP in Sovetskaya Gavan	Public technology and pricing audit during implementation of CHP in Sovetskaya Gavan construction project in Khabarovsk Territory	2018

Customer	Facility	Project/Objective	Year
Russkaya Treska LLC	Cod and haddock processing factory	Technical supervision and financial/technical monitoring of cod and haddock processing factory construction	2018-2021
Russian Fishery Company LLC	7 fishing trawler ships	Technical audit and construction monitoring of seven fishing trawlers construction	2018-2023
Perviy Vetropark FRV LLC	Wind Power Plant	Financial and technical supervision over implementation of 2x25 MW wind power plant construction project during investment stage	2018-2019
NIPIGAS JSC	Amur Gas Processing Plant	Backup control of contractors' work quality using destructive methods and other types of tests	2018
Sibur	SIBUR-Kstovo LLC	Investment Feasibility Study (IFS) for the construction of Steam Turbine Power Plant energy complex with 2.2 MW installed capacity	2018
Segezha Group	Pulp Mill in Krasnoyarsk Territory	Pre-FEED for Pulp Mill construction in Krasnoyarsk Territory	2018-2019
RusHydro PJSC	Construction of two single-circuit 110kV OHLs Pevek-Bilibino	Public technology and pricing audit of two single-circuit 110kV OHLs Pevek-Bilibino construction project for Chukotenergo JSC	2018
NJSC SVEZA Novator	SVEZA Novator Mill	Acting as Technical Customer and Construction Supervisor (Customer's Engineer) under the projects for expansion of plywood production to 52 thous m3 per year at Sveza Novator Mill	2018-2019
RFPI Investment Management-15 LLC	Waste Thermal Recycling Plants	Technical and financial expert review of construction and operation project for Waste Thermal Recycling Plants under the Capacity Supply Contract.	2018
Dalenergomost LLC	220kV OHL Omsukchan–SG Ust-Srednekanskaya HPP	Technology and pricing audit (TPA) of the stage-independent and project documentation of the investment project: Construction of a 220kV OHL Omsukchan–SG Ust-Srednekanskaya HPP	2018
Mitsubishi Heavy Industries Environmental & Chemical Engineering CO., Ltd.	MHIEC	Audit of design documentation for Mitsubishi's Waste Incineration Plant, verification of drawings to ensure their compliance with Russian standards and legislation.	2018
Tekhtransstroy LLC	Nizhny Novgorod Hydraulic Power System	Technology and pricing audit of design documentation for construction of Nizhny Novgorod LP Hydraulic Power System	2017
Taimyrenegero JSC	Ust-Khantaiskaya HPP	External technical supervision (construction supervision) over construction of permanent facility for Ust-Khantaiskaya HPP. Machine shop. Electrical shop. Replacement of Hydraulic Units (PK-4, PK-5, PK-6)	2017-2018

Customer	Facility	Project/Objective	Year
Hevel LLC	Solar modules manufacturing plant	Retrofitting of Hevel LLC solar modules manufacturing plant, 50% potassium hydroxide solution preparation site. General design.	2017-2018
Nizhne-Bureyskaya HPP JSC	Nizhne-Bureyskaya HPP JSC	Instrumentation and laboratory quality control of facility construction for Nizhne-Bureyskaya Hydraulic Power Plant JSC	2017-2018
Yakutskaya GRES-2 JSC	Yakutskaya GRES-2 JSC	Technology and pricing audit of design documentation for Yakutskaya GRES-2	2017-2018
K-Group LLC	Checkpoint in Sovetsk	Public technology and pricing audit of investment project	2017-2018
Nizhne-Bureyskaya HPP JSC	Nizhne-Bureyskaya HPP JSC	Instrumentation and laboratory quality control of facility construction for Nizhne-Bureyskaya Hydraulic Power Plant JSC	2017
Solombala Cellulose LLC	Pulp Mill	Environmental support of Solombala Cellulose LLC project. Evaluation of spatial location of projected facility on the land plot proposed by the Customer to identify environmental restrictions. EIA development.	2017-2018
Hevel LLC	Solar modules manufacturing plant	Hevel LLC solar modules manufacturing plant retrofitting. Installation of equipment for KAI 4-5 plasma-chemical deposition line. General design.	2017-2018
Aquatic JSC	Bagaevskiy Hydraulic Power System	Technology and pricing audit of design documentation for construction of Bagaevskiy Hydraulic Power System on the Don River	2017
SVEZA Manturovo NJSC	Pulp Mill	Construction supervision during construction of mini CHP and onsite utility networks at SVEZA Manturovo NJSC site	2017-2018
Mosenergo JSC	CHP-22	Independent expert assessment of construction project cost: Upgrade of Power Unit No. 9 of CHP-22, Branch of Mosenergo JSC	2017
SVEZA-Les LLC	Pulp Mill in Vologda Region	Package of preparatory survey works under construction project of the Pulp Mill in Vologda Region near Roshchino Village	2017
Mosenergo JSC	CHP-17	Investment Feasibility Study (IFS) for the construction of Solid Domestic Waste Thermal Recycling Plant (for heat and power generation) at the site of CHP-17, Branch of Mosenergo	2017
Dalenergomost LLC	220kV OHL Omsukchan–PP–Peschanka	Independent technology and pricing audit of basic engineering solutions (BES), design specifications and cost estimates (DSCE) for 220 kV OHL Omsukchan – PP – Peschanka	2017

Customer	Facility	Project/Objective	Year
Mosenergo JSC	CHP-26	Independent technical expert review to validate the increased cost of capital construction project: Upgrade of Control System of ECU 6 at CHP-26, Branch of Mosenergo JSC	2017
ROTEC JSC	Ammonia production in Kingisepp. Electric Power Plant	Engineering design package for development of design and detailed design documentation to perform works at the facility: Ammonia Production in Kingisepp. Electric Power Plant.	2016-2017
EuroChem	Phosphorit Industrial Group LLC	Design works on the subject of: Designing Power Output from Ammonia Production Power Unit to Electric Substation 317”	2016-2017
Greenhouse LLC	1. Glasshouse complex in Starooskolskiy District, Belgorod Region 2. Electric Substation 3. 110kV OHL from Stariy Oskol 500kV Substation	Verification of design and detailed design documentation. Construction supervision services. Supervision over performance of engineering surveys, preparation of design and detailed design documentation, supervision over construction of permanent facilities.	2016-2017
Alternative Generating Company-1 LLC	Pilot project for construction of generating facilities for solid domestic waste thermal recycling	Technology and pricing audit of investment project: Development and implementation of pilot project for construction of generating facilities for thermal recycling of solid domestic waste in Moscow Region and Kazan	2016-2017
ROTEC JSC	Phosphates processing chemical plant	Independent assessment of project implementation scenarios and adopted technical solutions for phosphates processing chemical plant.	2016
Dalenergomost LLC	Peschanka Substation	Independent technology and pricing audit of design specifications and cost estimates for 220/110/10(6)kV Substation.	2016
Volga JSC	TMP production line	General design of Thermo-Mechanical Pulp (TMP) production line, including development of design and detailed design documentation	2016-2017
Volga JSC	TPP for Volga JSC	General design of Thermal Power Plant (TPP) with rated power 7MW based on SST-110 Siemens backpressure turbine.	2016-2017
HEVEL LLC	Hevel LLC, Solar modules manufacturing plant	Design as part of Hevel LLC plant retrofitting in order to launch production of high performance solar modules. The scope of works includes pre-design concepts, development of design and detailed design documentation, industrial safety expert review.	2016-2017

Customer	Facility	Project/Objective	Year
Administration of the Volga Inland Waterways Federal State-Funded Institution	Nizhny Novgorod Hydraulic Power System	Public technology and pricing audit of investment project: Construction of Nizhniy Novgorod LP Hydraulic Power System	2016
Pomor Timber LLC	Wood Processing Complex	Development of wood processing complex master plan road map.	2016
INTER RAO – Engineering LLC	Termogas Machala TPP	Provision of Consulting services, in particular independent audit of works and services performance period, inspection, correction, and monitoring of comprehensive schedule for design of Termogas Machala TPP, with consideration of potential hazards.	2016
SVEZA Uralskiy LLC	Plywood and Particle Board Mill	Development of Investment Feasibility Study for upgrade of power plants at plywood and particle board mill.	2015-2016
Taganrog Boiler-Building Plant “Krasny Kotelshchik” PJSC	Steam supply for SIBUR-Kstovo LLC	Development of design and detailed design documentation (KM and KMD) for steam boiler under the project “Retrofitting of steam supply for SIBUR-Kstovo LLC”	2015
Siberwood LLC	Timber and Chemical Complex	High-quality control over design of Timber and Chemical Complex, including activity progress planning. Acting as the Customer’s Engineer during design documentation development stage.	2015-2016
SGP LLC	Energy Source for Heat and Power Supply to Taymylyr Coal Property	Development of Intent (Declaration) to invest into construction of Energy Source for Heat and Power Supply to Taymylyr Coal Property Project.	2015
Administration of the Azov-Don Basin of inland waterway system, Federal State-Funded Institution	Bagaevskiy Hydraulic Power System on the Don River	Public technology and pricing audit of investment project: Construction of Bagaevskiy Hydraulic Power System on the Don River.	2015
ATOMPROEKT JSC	Hanhikivi-1 Nuclear Power Plant	Works associated with development of design documentation for Integrated Gas Building 00UTF at Hanhikivi-1 NPP.	2015-2016
NIAEP JSC	Paks Nuclear Power Plant (Hungary)	Support of design works for PAKS-2 NPP, in terms of assuring the compliance with regulatory documents, Hungarian laws and regulations, consultation services during design documentation development stage.	2015
Tulachermet Steel LLC	Integrated casting and rolling facility at Tulachermet JSC site	Project engineering support services for the Bank. Project/facility expert review with regards to its energy efficiency and resources saving. Preparation of activity progress charts.	2015

Customer	Facility	Project/Objective	Year
Nor-Maali LLC	Paint Factory	Industrial paint factory design in Pskov	2015-2016
Avelar Solar Technology LLC	Perevolotskaya SPP	Construction audit and monitoring under the project: Design, Delivery, and Installation of Equipment, Construction, Maintenance and Operation of Perevolotskaya SPP with Rated Output Power of 5MW in Orenburg Region.	2015
Avelar Solar Technology LLC	Kosh-Agachskaya SPP-2	Construction audit and monitoring under the project: Design, Delivery and Installation of Equipment, Construction, Maintenance and Operation of Kosh-Agachskaya SPP-2 with Rated Output Power of 5MW in the Republic of Altai.	2015
Bratsk Steel Mill CJSC	Bar Stock Production Mill	Project/facility expert review with regards to its energy efficiency and resources saving.	2015
RP-Group Management Company LLC	Vologda Bearing Manufacturing Factory	Engineering services involving technology expert review and monitoring of process part implementation of Investment Project: Construction of Bearing Manufacturing Plant in Vologda.	2015
ATOMPROEKT JSC	Hanhikivi-1 Nuclear Power Plant	Development of design documentation for Oil Control Operating Room with Oil and Diesel Fuel Storage for Hanhikivi-1 NPP.	2015
Sberbank of Russia JSC	Sabetta Sea Port Facilities	Services involving public technology and pricing audit of design documentation, completed works and project milestones; technology and pricing audit during construction phase of the sea port main facilities near Sabetta, the Yamal Peninsula.	2015-2018
City Pacific Investments Limited	Batys Power CHP	Provision of services involving validation of investment feasibility for construction of Combined Heating and Power Plant in Aksai, West Kazakhstan Region. The Republic of Kazakhstan.	2015
Eurasian Development Bank	Boiler house SPP in the Republic of Tuva	Banking feasibility study of investments in construction of the boiler house.	2015
Interdistrict Distribution Networks (MRES) RESAD	Molzhaninovka GTPP (CCGT)	Provision of services as Customer's Engineer during implementation of the project: Molzhaninovka Gas Turbine Heat Power Plant GTPP (260MW CCGT).	2015-2016
Polyus Zoloto PJSC Matrosov Mine JSC	Natalkinskoye Gold Ore Field	Construction audit of construction phase 1 under the project: Construction of Mining and Processing Complex at Natalkinskoye Gold Ore Field. Correction 1.	2015

Customer	Facility	Project/Objective	Year
GEO Invest LLC	Advanced Grain Processing Facility for Production of Amino Acids	Supervision over construction of Advanced Grain Processing Facility for Production of Amino Acids in Rostov Region.	2015-2016
Phosphorit Industrial Group LLC	External Power Supply for Ammonia Production	Design works for title: External Power Supply for Ammonia Production.	2015
SIBUR-Kstovo LLC	Steam Supply System Retrofitting	Development of design, detailed design documentation and cost estimates for the project: Steam Supply System Retrofitting for SIBUR-Kstovo LLC	2015
MOSENERGOPROEKT	Groznenskaya TPP	Development of architectural solutions for Groznenskaya TPP	2015
Sibur Holding Tobolsk-Neftechim	Boiler Unit for Fuel Gas Recovery	Investment feasibility study to select the boiler unit for fuel gas recovery (WASTE GAS).	2015
Second Generating Company of the Electric Power Wholesale Market PJSC, branch of OGK-2 JSC	Adler TPP	Independent expert review of root causes of defects identified during warranty period at Adler TPP 360MW CCGT	2015
Saturn-Gas Turbines JSC	Mechanical Assembly Shop No. 98A	Development of design specifications and cost estimates for upgrade of Mechanical Assembly Shop No. 98A at Saturn-Gas Turbines JSC.	2015
Norilsk Nickel	Ust-Khantaiskaya HPP	Provision of services as the Customer's Engineer. External technical supervision of 7*63MW HPP.	2015
Gazprombank JSC Bugulchanskaya Solar Power Plant LLC	Bugulchanskaya SPP	Construction audit under the project: Design, Supply and Installation of Equipment, Construction, Maintenance and Operation of 15MW Bugulchanskaya Solar Power Plant	2015
Gazprombank JSC Bugulchanskaya Solar Power Plant LLC	Bugulchanskaya SPP	Calculation verification for installed capacity utilization factor at 15MW Bugulchanskaya SPP	2015
Gazprombank JSC Buribaevskaya Solar Power Plant LLC	Buribaevskaya SPP	Construction audit under the project: Design, Supply and Installation of Equipment, Construction, Maintenance and Operation of 20MW Buribaevskaya Solar Power Plant	2015
Gazprombank JSC Buribaevskaya Solar Power Plant LLC	Buribaevskaya SPP	Calculation verification of installed capacity utilization factor at 20MW Buribaevskaya SPP	2015

Customer	Facility	Project/Objective	Year
Volga JSC	Own Source of Power Generation for Volga JSC needs	Banking feasibility study of investments to construction of own power generation source for Volga JSC needs.	2014
SIBUR Holding JSC	Sibur Neftekhim	Preparation of feasibility study for the project: Installation of Turbine for Generating Own Electrical Power (Mini-CHP) Parallel to Pressure-Reducing Cooling Station. Works are performed in Dzerzhinsk, Nizhniy Novgorod Region.	2014-2015
Tuva Energy Industrial Corporation CJSC	Elegest Mining and Processing Complex	Feasibility study for the construction of TPP for Elegest Mining and Processing Complex.	2014
Scania-Rus LLC	Scania Maintenance Station	Construction supervision and budget management for construction of Scania Vehicles Maintenance Station with an integrated administrative and amenities building.	2014 - 2016
MosgortransNIIproekt SUE	28 subway stations	Development of pre-design proposals to improve accessibility of twenty-eight (28) subway stations and transport interchange hubs for pedestrians within 1.2 km in Moscow via improvement of adjacent areas.	2014
Interdistrict Distribution Networks (MRES)	Gas Processing Plant and Gas Chemical Facility in Svobodniy	Development of feasibility study of power supply options for Gas Processing Plant and Gas Chemical Facility, designed near Svobodniy, Amur Region.	2014-2015
Nizhne-Bureyskaya HPP JSC	Nizhne-Bureyskaya Hydraulic Power Plant	Instrumentation and laboratory QC of facility construction at Nizhne-Bureyskaya HPP 4 * 80MW.	2014-2016
KES CJSC	Sverdlovskaya CHP	Development of banking feasibility study (BFS) of investment project for Sverdlovskaya CHP JSC TGK-9 upgrade 120MW CCGT	2014
Ministry of Housing and Public Utilities of Yakutia	Housing and Public Utilities of Yakutia	Provision of services as the Customer's Engineer (Technical Consultant) during implementation of Energy Efficiency Project in the Sakha Republic (Yakutia)	2014-2016
EuroChem	National Joint-Stock Company Azot JSC	Implementation of Stage P and State Expert Review for the project: Retrofitting of Liquid and Gaseous Waste Disposal Shop at Azot National Joint-Stock Company 84MW CCGT	2014-2015
Interdistrict Distribution Networks (MRES)	Groznenskaya TPP	Investment feasibility study for construction of 440MW Groznenskaya TPP.	2014

Customer	Facility	Project/Objective	Year
Zhaikmunay LLP	Power Plant for Chinarevskoe Oil and Gas Condensate Field, the Republic of Kazakhstan	Design of Gas Turbine Power Plant (GTPP) for Chinarevskoe Oil and Gas Condensate Field GTPP 13MW*2 GTU.	2014
Blake Street Energy. Waste Management	Waste Recycling Plant in Naro-Fominsk	Design of Waste Recycling Plant in Naro-Fominsk.	2014
SIBUR Holding JSC	Construction of new Boiler-House/CHP	Development of investment feasibility study for construction of boiler-house/CHP.	2014
MMC Norilsk Nickel	AsSPPsment of energy efficiency of Bystrinskiy Mining and Processing Complex	Technical and pricing audit. Evaluation of energy efficiency of Bystrinskiy Mining and Processing Complex.	2014
Russian Bear Industrial Group LLC	Taymylyr Coal Field	Development of main technical solutions and feasibility study for construction of power plant for heat and power supply during development of coal field and adjacent areas in North Yakutia. 60MW TPP.	2014
Sberbank of Russia JSC	CHP in Sovetskaya Gavan	Technology and pricing audit for construction of 126MW STU.	2013-2016
FGK UES JSC	-	Provision of services associated with public technology and pricing audit of FGK UES JSC investment project.	2013
QUADRA JSC	Voronezhskaya CHP-1	Provision of services as Bank Engineer for the project: Construction of Voronezhskaya CHP – 223MW CCGT.	2013-2015
Forpost-Management CJSC	Aleksinskaya CHP	Provision of services associated with construction audit and monitoring of Aleksinskaya CHP.	2013-2015
Forpost-Management CJSC	Kurskaya CHP-1	Provision of services associated with construction audit and monitoring of Kurskaya CHP-1.	2013-2015
Eurasian Development Bank	CHP in Tikhvin	Auditing 2x110MW CHP construction project in Tikhvin, Leningrad Region.	2013
Mayak-Energy LLC	GTU-CHP of Mayak-Energy LLC, Penza	Development of design and detailed design documentation for GTU-CHP of Mayak-Energy LLC, Penza, with installation of three power units as part of GT and WHRU with total power of 25MW.	2013
APBE CJSC	-	Development of typical TPP construction projects on the basis of 6FA GTU, in particular analysis and correction of materials, developed by DneprVNIPIenergoprom under R&D “Development of typical TPP Construction Projects on the Basis of 6FA GTU”.	2013

Customer	Facility	Project/Objective	Year
Uzbekenergo State Joint-Stock Company	Tashkentskaya TPP	Technical support and supervision over implementation of the project: Construction of 370MW CCGT Unit at Tashkentskaya TPP.	2013-2016
KES CJSC	Novobereznikovskaya CHP	Provision of services as Technical Agent during Novobereznikovskaya CHP retrofitting. 2*115MW CCGT	2013-2016
National Joint-Stock Company Azot JSC	National Joint-Stock Company Azot JSC	Implementation of main technical solutions for retrofitting of Liquid and Gaseous Waste Disposal Shop of National Joint-Stock Company Azot.	2013
Nevinnomyssky Azot JSC	Nevinnomyssky Azot JSC	Feasibility study of main technical solutions for the project: Upgrade of Heat and Power Supply System of Nevinnomyssky Azot JSC with Construction of CHP-type Heat Power Plant	2013
Pitkyaranta Pulp LLC	Pitkyaranta Pulp Plant JSC	Feasibility study of investments to construction (prefeasibility study), development of main engineering solutions for optimization of heat and power production process for Pulp Plant Pitkyaranta JSC. 24MW GM-50 steam boilers.	2013
Gazprom Energoholding LLC	KS-18 Myshkin Compressor Station	Design works: Highly Efficient Heat and Power Plant at KS-18 Myshkin Compressor Station.	2013-2014
Sberbank of Russia JSC	Yakutskaya GRES-2	Technology and pricing audit for construction of 170MW GTU.	2013-2016
InstroyRegion LLC	Dialysis Centers	Financial and technical audit for construction of dialysis centers network in the Russian Federation.	2013-2020
Eurasian Development Bank	Abakanskaya CHP	Financial and technical supervision over construction of Abakanskaya CHP 120MW STU.	2012-2013
Nazarovskaya GRES JSC	Nazarovskaya GRES	Development of technical statement for financing project organization for retrofitting of Unit No. 7 at Nazarovskaya regional heating and power plant 415MW STU.	2013
Novo-Salavatskaya CCGT LLC	Novo-Salavatskaya CCGT	Financial audit during Investment Project implementation (Construction of CCGT-410MW Power Unit).	2013 – 2016
Fortum JSC	Argayashskaya CHP, Chelyabinskaya CHP-2	Development of prefeasibility study for power plants modernization 515MW STU.	2012
Mosenergo JSC	CHP-21	Development of business plan for CHP-21 retrofitting 1800MW STU	2012

Customer	Facility	Project/Objective	Year
Nord Hydro JSC	8 small-sized hydraulic power plants	Provision of services as the Customer's Engineer for construction and upgrade of 8 small-sized HPPs in the Republic of Karelia 4.46MW HPP	2012-2016
OGK-2 JSC	Troitskaya GRES	Expert review of works cost estimate for upgrade of Power Units No. 4 and 5 monitoring and control systems 2059MW STU.	2012
Russian Gas Turbines LLC	Rybinsk Plant for Assembly of GE Gas Turbines	General design and front-end engineering design for plant construction project for assembly and testing of GE 6FA gas turbines 14 6FA GTU per year	2012–2014
KES CJSC	Izhevskaya CHP-1	Provision of services as Technical Agent during Izhevskaya CHP-1 retrofitting 220MW CCGT	2012–2014
KES CJSC	Kirovskaya CHP-3	Provision of services as Technical Agent during Kirovskaya CHP-3 retrofitting 220MW CCGT	2012–2014
Mosenergo JSC	CHP-6, CHP-28, CHP-29	Investment feasibility study 113.9MW STU.	2012
OGK-2 JSC	Novocherkasskaya GRES	Provision of services as the Customer's Engineer as to works related to installation of boiler unit based on CFB technology (330MW).	2011–2014
Boguchanskaya HPP JSC	Boguchanskaya HPP	Technical audit of 3000MW HPP construction.	2011–2015
Mosenergo JSC	Mosenergo JSC	Provision of services as Technical Agent for Mosenergo JSC needs.	2011–2012
Tobolsk-Neftekhim LLC	Tobolsk-Neftekhim LLC	Feasibility study of investments in upgrade of backpressure steam-turbine power plant.	2011–2012
Orenburgneft JSC	Zagorskaya GTPP	Provision of services as Customer's Engineer for FEED support during construction of Zagorskaya GTPP. 150MW GTU	2011–2012
Mosenergo JSC	All Mosenergo JSC Branches	Environmental audit of all Mosenergo JSC Branches	2011
OGK-2 JSC	Kirishskaya GRES	Technical audit involving verification of commissioning and start-up programs and cost estimates for the upgrade of Condensing Section of	2011

Customer	Facility	Project/Objective	Year
		Kirishskaya Heating and Power Plant on the Basis of Steam-Gas Technology, Unit No. 6 (800MW CCGT).	
Mosenergo JSC	CHP-17	Investment feasibility study. 192MW Unit.	2011
Mosenergo JSC	CHP-22	Technical audit of water treatment plant upgrade (450 tonnes per hour) and development of recommendations on reduction of capital expenditure and optimising commissioning deadlines.	2011
Orenburgneft JSC	Zagorskaya GTPP	Expert assessment of proposals for production and delivery of gas-turbine electric units for Zagorskaya GTPP 150MW GTU.	2011
Kazhydrotechenergo LLP	Nizhne-Baskanskaya HPP-1 and HPP-2, HPP-19, HPP-20, HPP-21, HPP-22	Feasibility study expert review.	2011
Mosenergo JSC	CHP-20	Provision of services as Technical Agent for construction of new 420MW CCGT Unit.	2010–2012
Mosenergo JSC	CHP-16	Provision of services as Technical Agent for construction of new 420MW CCGT Unit.	2010–2012
Mosenergo JSC	CHP-12	Provision of services as Technical Agent for construction of new 220MW CCGT Unit.	2010–2012
OGK-2 JSC	Kirishskaya GRES	Technical audit of the project: Upgrade of Condensing Section of Kirishskaya Heating and Power Plant Based on Steam-Gas Technology, Unit No. 6 (800MW CCGT).	2010–2011
Salavatnefteorgsintez JSC	Novo-Salavatskaya CHP	Feasibility study of investments in construction of new 420MW CCGT Unit.	2010–2011
TNK-BP	Nizhnevartovskiy Oil Refinery, Krasnoleninskiy Oil Refinery	Development of construction concepts for own power sources.	2010–2011
Investlesprom CJSC	Sokolsky Pulp and -Paper Mill	Pre-feasibility study for construction of power generation complex at Sokolsky Pulp and Paper Mill.	2010
State Corporation Vnesheconombank (VEB)	Boguchanskaya HPP	Technical audit of Boguchanskaya HPP (3000MW) construction project.	2010
Kazhydrotechenergo LLP	Bartogayskaya HPP-28	Technical audit of feasibility study of HPP 25MW construction project.	2010

Customer	Facility	Project/Objective	Year
Resad LLC	Molzhaninovka CCGT-CHP	Extended functions of the Customer's Engineer for construction of 260MW Molzhaninovka CCGT-CHP.	2009–2012
Mezhregion-Energostroy CJSC	Adler TPP	Extended functions of the Customer's Engineer for construction of 360MW Adler CCGT-CHP in accordance with construction program for Olympic facilities.	2009–2012
SKZ-U LLP	Zhanakorgan Power Generation Facility	EPCM contract (construction management) for 18.5MW Energy Facility built into sulfuric acid plant process cycle. The contract scope includes project management, general design, supply of materials, construction and installation works, and commissioning.	2009–2012
Ekibastuzskaya GRES-2 LLC	Ekibastuzskaya GRES-2	Functions of the Customer's Engineer for construction of the third 500MW Power Unit for Ekibastuzskaya GRES-2.	2009–2010
Mosenergo JSC	CHP-26	Provision of services as Technical Agent for construction of new 420MW CCGT Unit.	2009–2010
Gazprom Energoholding LLC	CHP-26	Technical audit of new CCGT-420MW Unit construction project.	2009
Inter RAO UES JSC	Ekibastuzskaya GRES-1	Technical audit of Ekibastuzskaya GRES-1. STU (flaring) 4000MW (8*500MW).	2009
SKZ-U LLP	Zhanakorgan Power Generation Facility	Development of pre-design documentation for power facility of sulfuric acid plant, including basic engineering and calculation of preliminary cost of 18.5MW STU construction.	2008
OGK-1 JSC	Verkhnetagilskaya GRES	Update of plot plan for Verkhnetagilskaya GRES and development of the project for changing the plant's infrastructure to accommodate the construction of 260MW CCGT.	2008
OGK-6 JSC	OGK-6 JSC	Process calculations of 330MW CFB boiler for supercritical parameters.	2007
OGK-1 JSC	OGK-1 JSC	Development of investment feasibility (pre-feasibility study) for construction of two coal power generation units, 330MW each, including CFB boiler, preparation of draft contract and technical requirements for selection of EPC contractor.	2007
